Instructions to Reviewers:

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.
2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

Time for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

The USPTO publishes patent applications 18 months from the earliest claimed filing date. The USPTO will not publish the application if a secrecy order is in effect. A secrecy order is effective for 10 days from the date of its filing with the agency. This application has sufficient time for publication now as it is not being held under a secrecy order. 90 days from the date above is the earliest date a response is required to the USPTO regarding the necessary recommendation as to the imposition of a secrecy order.
